**Course: E317 Comprehensive Data Management for HAZUS  
Multi-Hazards (MH)**

**Dates: March 17-20, 2008**

This course is designed to provide in-depth instruction on collecting and processing high-resolution hazard inventory data and integrating the data into HAZUS-MH. Detailed lessons include Data Availability, Modification and Costs, Importing BIT and InCast Files, Developing Point, Polyline and Polygon Data, FIT, and Comparing Analyses.

**Prerequisite:** E313 Basic HAZUS Multi-Hazard course, any field or resident version of a HAZUS course, or previous or current use of HAZUS or ArcGIS software in performing your job.

**Course Length:** Course starts Monday at 8:30 a.m. and ends Thursday at 4:00 p.m. Buses depart from the NETC campus Friday at 9:30 a.m.

**Audience:** The audience for this course includes Federal, State, and local GIS specialists in emergency management who are involved in flood and other hazard assessment or managing multi-hazard databases and GIS information. A strong working knowledge of ArcGIS with Spatial Analyst extension is recommended.

**Location:** National Emergency Training Center in Emmitsburg, Maryland.

**Continuing Education Unit (CEU):** The Emergency Management Institute (EMI) awards 2.6 CEU's for successful completion of this course.

**To Apply:** Please submit a FEMA Form 75-5, General Admission Application with student signature and supervisor or sponsoring office signature through the State emergency management training office. FEMA regional employees should submit their applications to the Regional Training Manager. **All applications MUST be sent directly to the NETC Admissions Office, 16825 South Seton Avenue, Emmitsburg, Maryland 21727 or faxed to (301) 447-1658.**

For further information on enrollment, please contact the NETC Admissions Office, (301) 447-1035, or fax your request to (301) 447-1658. For further information on the course, please refer to the course web site at: <http://training.fema.gov/emiweb/EMICourses/e172.asp> or contact the EMI course manager, Ray Chevalier, (301) 447-1187 or by email at [ray.chevalier@dhs.gov](mailto:ray.chevalier@dhs.gov).
